Re: AMFA Local 11 Maintenance Ideas Committee

AMFA Local 11 presents our Maintenance Ideas Committee at Southwest Airlines in Dallas. This team consists of members elected into this committee by the membership. The current committee term expires on 31 December 2011.

This committee is tasked with interfacing with the membership to allow for the flow of ideas between the members and management. The purpose is to gather ideas from the general membership and evaluate these ideas for practicality and impact on the work force. These action items are then to be presented to the management on behalf of the membership.

Action items may range from work processes, work space modifications, quality of life suggestions and more. It is to be noted that this committee cannot and will not impede contractual issues.
