Re: AMFA Local 11 Professional Standards Committee

AMFA Local 11 presents our Professional Standards Committee at Dallas. This team consists of your peers and is listed below for your convenience. In our fast paced, high stress world, it is understood that conflicts can sometimes arise between members. It is important to work through these conflicts as early as possible to prevent these problems from growing to a point where they become explosive in nature.

The Professional Standards Committee will be available to assist Local 11 members in resolving conflict(s) they may be experiencing between themselves and others in our work environment.

AMFA Local 11 has request that all of its members contact this team prior to discussing your problems with the company.

Committee Members
