

To all AMFA covered employees

SWA has e mailed to all AMFA covered employees a new maintenance and engineering attendance policy. The company's policy is not consistent with the existing language of our current CBA. Many questions are being asked as to how AMFA plans to respond to the policy. The ALR'S are currently working to resolve this issue, at this time we have begun discussing our course of action, we will dispute the policy.

Sincerely, Nino DiMaggio

AMFA Local 11 ALR
